_____APPROVAL_____OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the period of use and the average number of cattle served from the waters of this source. The State retains the right to regulate the use of the water herein granted at any and all times but does not take responsibility for the use of the Federal range.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed___0.0031___ cubic feet per second, or sufficient water to water 100 head of cattle.

Actual construction work shall begin on or before___October 5, 1962___

Proof of commencement of work shall be filed before__November 5, 1962___

Work must be prosecuted with reasonable diligence and be completed on or before October 5, 1963___

Proof of completion of work shall be filed before___November 5, 1963___

Application of water to beneficial use shall be made on or before_____ October 5, 1964_____. Proof of the application of water to beneficial use must be filed with State Engineer on or before___November 5, 1964___
